

# TURF CARE INTERNSHIP

INTERNSHIP VIDEO 

## CONTINUE YOUR EDUCATION AT A TOP-RANKED COURSE IN CANADA

At Greywolf, interns become an integral part of the agronomy team. Working within a small, close-knit crew, interns have opportunities to focus on specific areas of interest while gaining comprehensive, hands-on experience in all technical and cultural aspects of turf management

### OPPORTUNITIES

- Hands-on experience maintaining and repairing golf course irrigation systems
- Involvement in cultural practice planning and execution
- Opportunity to lead and manage small crews
- Application of granular and foliar fertilizers
- Participation in fairway drainage installation
- Involvement in minor construction and course improvement projects

### BENEFITS

- Tuition reimbursement
- Wages starting at \$24/hour
- Staff housing
- Golf privileges
- Panorama Bike Park pass
- Discounts at the golf course restaurant and pro shop
- Discounts at Panorama Resort restaurants and retail outlets
- Access to outdoor activities including rafting, hiking, biking, tennis, pools, and basketball

### QUALIFICATIONS

- Enrolled in a Turf Management program or pursuing a career in golf course management
- Strong initiative and willingness to learn and improve
- Able to accept feedback and direction professionally
- Reliable, punctual, and team-oriented
- Comfortable working outdoors in varying conditions and early mornings
- Physically capable of performing golf course maintenance tasks
